INCREASE CUSTOMER SALES

INCREASE CUSTOMER SATISFACTION

SAVE TIME HELPING CUSTOMERS

SALE MORE PRODUCT

A video playback system that allows you to add videos from any vendor.

The system works with standard barcodes and QR barcodes (need 2D scanner). The system has easy to follow laminated instructions that walks you through adding videos, removing videos, creating a continuous play-loop, and performing updates.

The system increases your staff and your knowledge of the product. **PLUS, THE CUSTOMER GETS TO SEE WHAT THEY ARE PURCHASING.**

Video Playback System

THE **PYRO** SALESMAN
VIDEO **PLAYBACK SYSTEM**
VIDEO PLAYBACK FOR ANY FIREWORK, ANY VENDOR
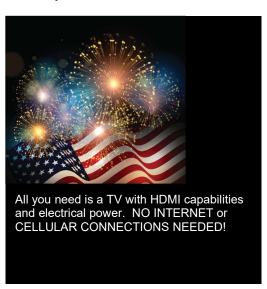

Ways you can use the system.

- Place a system in each section to help increase sales: 500 Grams, 200 Grams, and Fountains. Videos will play for all items where ever the system are located.

- Place a system over your check-out location with the continuous playback loop playing your featured items.

- You can even add your own commercial to the continuous playback loop.

- You can even use the system to display the videos on an outdoor video screen or wall to help attract customers into your store.

All you need is a TV with HDMI capabilities and electrical power. NO INTERNET or CELLULAR CONNECTIONS NEEDED!

Vendor's already loaded

(doesn't guarantee all products are present)

- Big Fireworks (limited amount currently)
- Brothers
- Cannon
- Dominator with standard barcodes and QR barcodes
- FOA (Fireworks Over America)
- Hales- PyroPredator/Shotgun
- Kracklin' Kirks (Boomin Bulldogs)
- Legend Fireworks
- Mad Ox
- Magnus Fireworks
- Pyro Junkie
- Red Rhino/Texas Outlaw/Hog Wild
- RGS (Really Good Stuff)
- Shogun Fireworks
- Spirit of 76 - Sky Bacon/RealTree
- Super Fireworks
- Top Gun
- Wild Dragon
- Wild Willy's Fireworks (Flashing Fireworks)
- Winda Fireworks
- Winco (Black Cat)
- World Class/Boomer/Cutting Edge

If you provide us the videos and barcode for a vendor line, we are more than happy to load them into our systems library.

This usually takes about 2 weeks turnaround to complete.

Preferably a catalog with barcodes would work best, but we can work with a spreadsheet.

System Functionality:

- Easily add any vendor's videos
- Create a continuous video playback loop
- Get grand or daily totals of what product has been scanned
- Support for both QR and regular barcodes (need to upgrade to 2D Scanner for QR barcodes)
- Free updates
- Free product support
- Offer discounted purchases on 5 systems or more
- Can connect to the internet to automatically download updates and new videos

Video types the system supports:

- .avi

- .mov

- .mkv

- .mp4 (1080p or less)

- .m4v

- Most videos encoded with H.264 video codec
